PROFESSIONAL EXPERIENCE

Team Lead | Opendoor, Chennai Mar 2022 – Present

Own end-to-end delivery for a 15-person operations team, spanning frontline case work through team leadership.

- ▶ Consolidated market-specific process references, repair-cost data, and update logs — previously scattered across multiple documents — into a single Process Handbook, and added a scope checklist so no line items are missed. Raised Quality score from 92% to 96% and cut process queries by 60%.
- ▶ Personally designed and rolled out a change to how the team claims cases: instead of pulling tickets in Zendesk arrival order, team members claim cases by due date and run proactive follow-ups ahead of the deadline. Lifted SLA compliance from an 89% trend to 98%+.
- ▶ Automated recurring documentation and reporting tasks using Claude AI and ChatGPT, reducing Average Handle Time (AHT) by 32% and saving 200+ man-hours per month.
- ▶ Virtually evaluated 500+ properties and scoped repair estimates ahead of pricing, holding a 99% accuracy rate; escalated major red flags that cut portfolio risk exposure by 15%.
- ▶ Built SIPOC diagrams and process flow charts now used by 3 teams, cutting new-hire ramp time by 40%.
- ▶ Resolved escalated client issues at a 97% first-contact resolution rate while preserving stakeholder relationships.

Senior Analyst – Team Lead | Sutherland (Amazon.com Process), Chennai Apr 2016 – Mar 2022

- ▶ Led a team supporting Amazon.com sellers with technical assistance and order-query resolution, sustaining CSAT of 4.7+/5.0.
- ▶ Owned escalation handling for the team, keeping customer satisfaction above 95% throughout the engagement.
- ▶ Handled live chat support for Amazon.com customers and sellers, resolving order, shipping, and account queries in real time.
- ▶ Managed end-to-end order management tasks including order tracking, cancellations, returns, and refund processing.
